

J & C Behavioral Therapy, LLC is dedicated to using premier behavior analytic/early intervention services to enrich the lives of children with autism and other developmental disabilities. We help children learn the academic, social and daily living skills necessary to excel in today's world. In addition, our staff focuses on educating family members and teachers about the various principles of Applied Behavior Analysis (ABA). We pride ourselves on a commitment to provide the training, tools and resources needed to meet the everyday challenges of raising a child with autism.
